

Area: Playground

I Am Accountable

Knowing what you're supposed to do, and doing it!

Teaching Examples

Example: It is winter. Leo makes sure he wears his warmest clothes and is prepared to play outside without getting too cold.

Non Example: The whistle blows to signal that recess is over. Mya chooses to ignore the whistle and decides to keep swinging a few more times.

Correction: Mya stops herself quickly and safely and lines up right away.

Example: Natalie brought a kickball outside to play with. She takes good care of the kickball and is sure to return it in its proper place when coming back inside.

Activity and/or Refresher to use later

1. Practice lining up outside.
2. Brainstorm what clothing items you would wear and/or bring to school on days with cold/rainy/snowy weather. Talk about the importance of wearing layers in order to be prepared for whatever weather comes.
