

## Area: Bus

### I Am Accountable

*Knowing what you're supposed to do, and doing it!*

### Teaching Examples

Example: Abigail has a backpack as well as a food bag. When it is time to get off the bus, she checks her area in order to be sure she has all of her things.

Non Example: Carl and Peter are talking about other students and using words that are not allowed at school. Correction: Carl and Peter choose to talk about things that are school appropriate. They choose to give appreciations instead of put-downs.

### Activity and/or Refresher to use later

1. Discuss the importance of bus rules.
2. Possible bus walk-throughs with review of procedures.
