

Area: Lunchroom

I Am Safe

I take care of myself and those around me.

Teaching Examples

Example: Steve uses two hands on his tray and looks forward as he moves to his table.

Non Example: Alex forgets his straw. He runs back to the utensil tray, pushes his way in, and grabs a new one. Correction: Alex raises hand and waits for Aide to bring him a straw.

Example: Judy accidentally knocks over her milk. She raises her hand to get help cleaning it up so no one falls.

Activity and/or Refresher to do later

1. Walk your students through the lunch room process before the lunch shift starts.
2. Practice inside voices and raising your hand to get help.
3. Make a poster to hang in the cafeteria to illustrate a safety skill.
4. Review safety precautions building-wide.
5. Discuss food safety (hygiene, sharing, chewing, etc.)
