#### Activity and/or Refresher to do later

1. Watch Kenwood "Playground Safety Video" and discuss. (Video release date: TBD)
2. Do a TRIBES cooperation activity (p. 231).
3. Role-play a playground safety situation, using examples and non-examples with corrections.
4. Have an area of the room where expectations are posted. Periodically have the students recite them out loud before exiting for recess.
