

Area: Bus

I Am Trustworthy

I can be counted on to do things in an honest way.

Teaching Examples

Example: Kara found a pair of super cool sunglasses that somebody left behind in the seat. Even though she would love to keep them, she did the right thing by turning them in to the bus driver.

Non Example: Jane brings her Pokémon cards onto the bus and trades them with another student. Correction: Jane follows the rule about leaving Pokémon cards at home. This way she doesn't lose them or get into trouble for breaking the rule.

Kid Activity

1. Role-play a situation in which your class is on a bus. Let students take turns being the driver and discuss what it meant to you when the students did or didn't follow the rules.
2. Possible bus-safety assembly

After the Lesson

Refresher

1. Have classroom discussions about bus expectations just before going on a class trip somewhere.
